(Pocket-moss) - King Digital Entertainment, the company behind the hit mobile game Candy Crush Saga, is making moves to be listed on the New York Stock Exchange under the KING ticker. Candy Crush, a highly addictive iOS and Android, generated \$568 million in revenue of \$1.88 billion for King in 2013. That came from a loss of \$1.3 million in revenue of \$64 million in 2011, before Candy Crush was released in 2012. It accounts for 78% of the entrepreneur's revenue, thanks to 93 million people who play the game every day. King's move to become a public company again highlights how the mobile gaming industry has flourished. This is also evident from the recently closed Flappy Birds, which generate \$50,000 profit for its indie developer daily. Read: Candy Crush Saga review (iPhone)Filing in U.S. Securities and Exchange Commission on Tuesday did not disclose a share price or a signor bank for the public offering, but noted that King hopes to raise \$500 million. Presumably, King hopes the IPO money will help bring in more money for more development. The King will be tasked with not suffering in the same way as Zinga and Rocchio, who developed FarmVille and Angry Birds respectively. The company has seen so much success with the title Candy Crush, what happens to the bottom line when the game inevitably fades can worry investors. King joins other tech companies that are reportedly looking for an IPO, including Spotify, Airbnb and Square. Written by Jake Smith, Candy Crush Saga is one of the most popular match-three games of all time. It boasts hundreds of millions of downloads, a strong influence on pop culture and more. However, this is not the only match-three game in the world and there are many others with some unique mechanics. So, if you like the style of match-three, but want to try something a little different, we cover you. Here are the best match-three games for Android! Of course, we recommend Candy Crush Saga and other King's three-match (Google Play link) matches if you want the classic match-three experience.10000000Aqua BlastGunsPELLHarry Potter: Puzzles & SpellsIndy Cat Match \$100000Price:\$2.910000000 \$2\$100000000 is an older match play that still receives updates in 2018. It's also one of the few match-three games without a free-price tag. Players start without money. The goal is to earn enough money to escape and that cost is 10 million. Match-three element enters the game in the fight. You match three shapes together to deal with this kind of damage to the opponent. It actually adds a strategic element because you may want to keep this massive melee combo that you've noticed on a stronger opponent. Anyway, the game works for \$2.29 with no additional in-app purchases or ads. It's a diamond in this genre. Aqua BlastPrice: Free to play aqua blast is a relatively good match three game with an underwater theme. The game revolves around game three, but to do some other other Players create an underwater fish sanctuary along with the main game of play. You get the usual things like limited events, power-ups and the usual stuff. However, developers tend not to be such a heavy hand with it. There are definitely drawbacks, but the premise is solid and should continue to improve over time. GunsPELLPrice: Free to play GunsPELL is match three RPG. The basic mechanics of the game are similar to any other game three game. You just solve puzzles to defeat opponents instead of just clearing the level. Players progress through the history of the game by beating puzzles and opponents. You can also find a variety of weapons, objects, and spells to catch up and handle more damage. It's similar in the room of 10000000 and people who love one of them will probably enjoy the others as well. Harry Potter: Puzzles and SpellsPrice: Free to Play Harry Potter: Puzzles - Spells is one of the latest match three games on the list. It's from Zynga so it's a developer, with most people need to be familiar. Game h as solving match three puzzles as it progresses through a story based in the Harry Potter universe. There is the usual parade of cameos from favorite series and the usual mechanics as abilities to help progress. The game looks really good so far and we hope Zynga will keep it. The developer also has a few more three-game games from other movies and franchises if you want to check them out. Indie Cat Match 3Price: Free to play Indie Cat Match 3 has never achieved viral success as a candy crush saga. However, it's still a really good three-match game. Players match shapes, full levels, and collect various cat-themed artifacts to advance the game. There's a little history, but it's not too deep. In general, the experience is goofy, funny and neon. It's good for both adults and children. It's a free game, like most titles in this space. Pokemon Shuffle MobilePrice: Free to playPokemon Shuffle Mobile is the first official Pokemon game on the mobile phone. He disappointed some people that he was free to play game three. That doesn't mean it's a bad game. Players match three icons as usual. Completing a match allows your Pokemon to attack. The first Pokemon to fall is the loser. Developers plan to add more events and Pokemon in future updates. We're not sure how far these updates are. Puzzle games - DragonsPrice: Puzzle games and dragons is one of the first really good match three matches pure with RPG. Players assemble a team of monsters and embark on a journey to explore dungeons and beat the bad guys. Match three serving is integrated into the combat system, so the more combinations you pull, the bigger the hit. The game is a little older, but manages to continue to grow through its perennial plan. There are 2,000 monsters to collect, different recipes for their development, and even cooperative mode to play play Friends. It's free to play, so you may eventually get pressure to spend some real money. Otherwise, it's a solid RPG match three game. Puzzle Adventure (Multiple Games) Price: Free to PlayPuzzle Quest is a popular series of match three puzzle games. There are several games in the franchise, including some with pop culture themes. For example, there is magic: collect puzzle search and miracle puzzle search. There were more, but they slowly decreased over time. The mechanics are slightly different in each game to coincide with the theme. However, basically, they are actually quite a typical match three battle games. Players match three (or more) shapes and perform an action such as attack. They are all free games, as well as. BlastPrice: Free to PlayUsgar Blast is a match-three game by Rovio, developer of Angry Birds. This isn't Rocchio's first attempt to clone Candy Crush, but it's definitely the developer's best effort yet. It features a boat with levels, simple mechanics, and some classic match-three mechanics. Balls fill the level and clear them by matching up to three. There are power-ups and other free-to-play stuff in the game. However, it does not seem to eavesdrop on too many people. You don't start to see complaints until you climb around the 200 levels and then the game starts to become unreasonably difficult. Toy Story DropPrice: Free to playToy story is another classic style match-three game. However, this has a toy Story theme. Players use different abilities to clear shapes from the board and, of course, you can collect them to do so. The game uses a lot of places and scripts from the movies for a little extra charm, although it doesn't affect the game in any meaningful way. However, this has a narrative and is not bad for its genre. Triple City: Free to playTriple Town isn't as popular as some other three-game games. Maybe it should be because it's pretty good. Players in this game grow a city full of bears. Growth is obtained by combining the different tiles together. It's a pure, friendly concept. Moreover, this game has another advantage that other games in this genre do not have. You can purchase unlimited turns and remove all game time limits. It is not necessarily cheap, but the ability to remove this restriction is rare in any game of free minium. When King, known for his highly addictive game Candy Crush Saga, abandoned his brand application of the word candy in the US, the company was careful note that it still owns the trademark in the European Union and will manage its intellectual property there. As a challenge, Zeptolab, franchise, On Tuesday announced that it had been declared in London for refusing to cancel Trademark, a move that hopes to allow game developers to use the word candy freely in their games. It is important that developers protect the creative expression that makes their games unique. However, to go beyond that and try to keep a simple everyday word like candy is not delicious for us, Misha Lyalin, head of Zepto Lab, said. Company.
